

New Beginning

By Matthew Tyler 2011 ©

It's a brand new start for all
As we return back to school
Had my holiday, where I rest and play
And I energised my mind.

Now we're back to work again
With my teacher and my friends
Got my thinking hat, and my focus back
Everybody here we go!

**It's a new beginning
Got me dancing and singing
It's a new beginning
Take the stage
Turn the page on yesterday
Hey Hey**

Gotta get back in my groove
Gonna play that pretty smooth
Ain't no time to waste, now I got the taste
Dedication all the way

There's a fresh new chance to grow
What's your plan? We wanna know!
You got all the keys; possibilities.
It's your time, go make that change!

**It's a new beginning
Got me dancing and singing
It's a new beginning
Take the stage
Turn the page on yesterday
Hey Hey**
