

'Rainbow Nation' from 'Babel' by Pete Churchill

Anthem

We are a rainbow nation,
With our faces to the sky.
Come hold your head up high.
We are a rainbow nation.
Lift your voices loud and strong,
We're back where we belong.

Verse 1

Children of the same creation
Can live as one.
No blame or condemnation,
What's done is done.
Can't live in isolation,
Got to find another way.

Verse 2

Sew the seed in every nation,
Let's start anew.
We are the generation
To see it through.
No talk of segregation -
That's a part of yesterday.

We are a rainbow nation....
We're here to stay.
